You are responsible for carrying out a benefit-cost assessment of the nonmarket impacts of the decision to de-list the wolf as an endangered species and to allow hunting of the animal in Idaho.

Make a list of the impacts of this decision and then complete the remaining columns

<table>
<thead>
<tr>
<th>Description of environmental impact to be valued</th>
<th>Positive or negative</th>
<th>Use or non-use?</th>
<th>Accounting Stance (Affected Population)</th>
<th>Valuation Method to be Used</th>
</tr>
</thead>
</table>

Make notes on this sheet while watching the wolf hunting video.
You will have to complete a similar sheet as a team in class.
